

SCORING MILESTONES :

- 1 : Initiate AUTO MODE **_20 points_**
- 2 : Reach the end of the ZIGZAG **_30points_**
- 3 : Stop at the barrier **_50 points_**
- 4 : Reach the END LINE **_20 points_**
- 5 : Stop at the END LINE 7sec **_50 points_**
- 6 : Illuminate a LED **_30 points_**

SCORING MILESTONES :

PS:

*If your robot didn't reach the end of the first phase, you could put it at the beginning of the second phase and continue playing **WITHOUT GETTING THE UNSCORED POINTS FROM THE PREVIOUS PHASE !**

The second phase is an **OPEN SPACE ! you can go straight forward to the finish line and get the points of reaching the second phase

7 : Initiate MANUAL MODE **_50 points_**

8 : Navigate through the OBSTACLES **_50 points_**

9 : Score a GOAL **_50 points_**

When you reach the finish line, the time on stopwatch will be scored and in case two or more teams scored the same, time will be the differentiating factor !
